ANNIEGLASS

*Innovation distinguishes between
a leader and a follower*

In 1979, fresh out of art school with a degree in glassmaking, a passion for craft, and little else, Annie Morhauser rented a small studio to share with a painter and began the long journey of building Annieglass. In 1983, the company began with 2 employees and grew to 27 employees and a larger production studio, now selling to the best retailers and online stores throughout North America. Annieglass is also used in the finest restaurants across the country.

Celebrating our 35th Anniversary in 2018, Annieglass now proudly welcomes the second generation, Annie's daughter, Ava. Ava has expanded the company by promoting the Annieglass lifestyle of sharing how to entertain with fresh local food, good wine and craft beer with friends in a convivial space for learning crafts as well as shopping. Annie continues to focus her time innovating the ancient art of glassmaking through the means of technology, as well as her lifetime of experience merging craft and design. She continues to be inspired by her surroundings and experiences around the world.

INNOVATING CRAFT THROUGH CREATIVITY & CUTTING EDGE TECHNOLOGY

Sustainably handcrafted in our small studio on California's central coast, Annieglass shines in its individuality and uniqueness: glass retains natural textures from handmade ceramic molds, hand-painted bands of gold show the brush strokes from its makers, and a hand-engraved studio signature can be found on the back of every piece.

It is this hand touch, years of integrity, and devotion to our craft that has earned Annieglass a permanent place in the Smithsonian Museum of American Art. Versatile, dishwasher safe and durable for a lifetime, Annieglass transforms every day into a celebration when only the best will do.

PERSONALIZATION

The personal touch we craft into all of our glassware is yours to share, with personalized engraved messages available on each Annieglass piece. Our skillful artisans use a handheld etching tool so the finished result looks like writing by hand.

STORYBOOK LIMITED EDITION

Whimsical drawings from Annie's notebook come to life around the rims of these *limited edition* bowls. LARGE SCULPTURAL PIECES

Forever pushing artistic and creative bounds, Annie interprets beauty wherever she finds it, whether it be locally on California's Monterey Bay or the Sea of Java. Use them as sculpture, lined with sand and candles, for floating flowers or for a jaw dropping buffet the way our star chefs and fine hotels do. Inspired by crashing waves, the Water Sculpture Bowl rises up in an illusion of perpetual motion. Available in Frosted Glass with

24k Gold Trim (F520G) or Ultramarine (U520) and sized at an impressive 28 x 29 x 9", both make for stunning statement pieces. The sweeping raised sides of the Clam Shell (U510: 17 x 21 x 15") are as impressive as the Monterey Bay waters, and allow the piece to be displayed both upright and on its side. A smaller twin, the Cherrystone Clam U515 10" x 9" x 11" is also made with Ultramarine colored glass, in a shimmering turquoise blue.

SCULPTURE

PETAL

The new Petal sculptural bowl is Annie's interpretation of a single rose petal that works as sculpture, shallow bowl or centerpiece. The speckled precious metal on the edge mimics the markings of an open mussel shell found by the sea.

ULTRAMARINE

*Inspired by the beauty
and texture of water*

Annie takes inspiration from her surroundings. Since 1983 she has created glassware from her own original ideas to finished product in the Annieglass studio situated within 2 miles of the Monterey Bay Marine Sanctuary on the scenic central coast of

California. As a long time ocean advocate, Annie supports sustainable seafood, new technology for plastic and trash removal from the oceans and education for the next generation of sea lovers.

MINI SPLASH BOWL

The sculptural Mini Splash Bowl (U505: 20 x 16.5 x 6.5") is reminiscent of a large splash of water, perfect for a stunning buffet or centerpiece.

FISH

A turquoise school of fish in 3 sizes swims into warm weather fun. These playful fish look great by the water or swimming across your table. Use for olives, jewelry, spoon rest, soap or treats. Cute gifts or contemporary souvenirs. Sizes range from 7" to 15".

SEA LIFE

Walks on the beach often lead to ideas like these clam shells, starfish, nautilus shells or turtles. These fascinating creatures bring playfulness to summer barbecues and seaside dining as whimsical serving pieces, and make special gifts for those that share an appreciation for the great blue and its wonders. Sizes range from 8" to 12".

DINNERWARE & PLATTERS

Inspired by oceans, lakes and rivers, the vibrant color and rippling textures found in the Annieglass Ultramarine Collection are reminiscent of the beautiful nature of water, no matter your shoreline. The organic shapes will remind you of undulating seas and warm weather.

Brilliant turquoise color is perfect for beach, boat or lake house as tableware, home décor or gifts. We love mixing it with our Shells or Mod Mist collection to capture the ambiance of fog and ocean.

HEARTS

A favorite year after year, our Heart Collection comes in Ruffle, 24k gold or genuine platinum trim, precious Sweet Nothings text or our yearly changing Collectible Heart pattern. These glass plates and bowls make for decadent dessert or hors d'oeuvres plates, jewelry holders or home décor accents. A heartfelt gift for Valentine's Day, Mother's Day, anniversaries, thank you's, bridesmaids...the possibilities are endless! Sizes range from 5" to 8".

HEARTS

Motivated by a fascination with glass and a creativity that pushes the bounds of traditional glassmaking, Annieglass has spent years experimenting with raw materials and innovative techniques, evolving and ultimately perfecting the ancient art of glass slumping to create unique sculptural décor, tableware and gifts for the home. Transforming the ordinary into something extraordinary, each piece of Annieglass passes hand to hand between artisans during our six-step, small-batch glassmaking process, eliciting a genuine pride for the craft and exacting standards for the finished glassware.

OUR PROCESS

Each piece of Annieglass passes hand to hand between skillful artisans during our six-step glassmaking process.

1 Annie's imaginative designs are cut from durable, architectural grade glass.

2 Edges are ground smooth, making each piece of Annieglass more chip-resistant than fine china or stoneware.

3 Artisans hand-paint bands of precious metal onto rims of the cut and ground glass, leaving visible brush strokes which show the beauty of handcraft.

4 Each piece of Annieglass is carefully loaded by hand into a kiln for firing, aligned on a handmade ceramic mold which will give the glass its texture and shape.

5 During firing, glass melts into ceramic molds and precious metals permanently fuse to the glass, rendering each piece unique in shape and dishwasher safe for utmost functionality.

6 Finally, each piece is individually inspected to ensure quality craftsmanship, before being hand-engraved with the studio signature—a proud designation of Annieglass' authenticity and integrity.

She has invigorated the ancient art of glassmaking in California with advanced technology sustainably, creating social impacts through environmental, occupational and educational opportunities.
